

Data sheet Product ICK BGA 14 x 14

Heatsinks and active heatsinks for processors>Heatsinks for BGAs
14 x 14 x 6 mm, for IC design BGA and others

Features

way of fixation:	<ul style="list-style-type: none"> • therm. conductive foil • therm. cond. adhesive
socket:	universal
suitable for processor type:	universal
width:	14 mm
height:	6 mm
plate thickness:	1.8 mm
length:	14 mm
thermal resistance:	30 - 8.5 K/W
dissipation loss:	2.1 W
surface:	black anodised

Technical Drawing
